**Unison** TONER

## Powerful Productivity That Sets the Pace.

Stay a step ahead by getting more work done faster. These super-efficient systems can meet your most demanding expectations.

**Faster Processing –** Improve your print speeds by taking advantage of up to 2.56 GB of memory, an 800 MHz dual-core processor and Gigabit Ethernet.

**Reliable High Performance –** Print up to 30,000 pages per month with the M5163 or 50,000 pages per month with the M5170. Plus, enjoy fewer maintenance hassles with our state-of-the-art paper handling.

**Keep Jobs Moving –** With a maximum input capacity of up to 4,400 sheets and an extra high yield toner cartridge, you won't have to add paper or change cartridges as often.

**Spend Less Time Waiting –** Print from 63 or 70 pages per minute, and produce your first page in as little as 4 seconds.

## Look Professional. Work Smarter.

The M5163 and M5170 produce documents that are presentation ready, automatically finishing the pages based on your preferences. Our easy-to-use control panel makes it simple.

**Easy-to-use Displays –** The bright 4.3-inch color touch screen on the M5163 lets you stay on top of your work. Need more control and productivity solutions? Get the M5170 with the 7-inch color touch screen.

**Finishing That Adds Polish –** Produce projects like a pro with automated collating and other optimal finishing features.

**Print on a Wide Range of Media –** With built-in 2-sided printing and the ability to print on diverse materials, you can do more for your business and use less paper.

**Innovative Toner Optimizes Performance –** Get greater system performance with Lexmark's Unison™ Toner, which delivers consistent quality from first print to last.

## Intelligent Workflow. Secure Design.

Our advanced system simplifies your work processes and increases productivity. Innovative security capabilities provide maximum protection for your critical business data.

**Print Anytime and Anywhere –** With this system, you can print from desktops as well as mobile devices that can run applications.
**Enjoy Enterprise-level Security –** Now you can authenticate, authorize and audit employee usage. Plus, you can protect sensitive data using standard network security protocols, data encryption and disk wiping capabilities.

**Identify Potential Risks –** Track more than 100 variables and events, including user activity, with Audit Logging. It's designed to work with your intrusion detection system in real time.

**Optional Productivity Solutions –** Want to empower your business with workflow solutions that can print on demand, automate tasks and more? Get the solutions-capable M5170.

## Visit partnernet.lexmark.com for more information.

[1] Based on approximately 5% print coverage. Actual yields may vary based on factors such as page coverage, image type, job size, print/copy/fax modes, and duplexing.
[2] "Recommended Monthly Page Volume" is a range of pages that helps customers evaluate Lexmark's product offerings based on the average number of pages customers plan to print on the device each month. Lexmark recommends that the number of pages per month be within the stated range for optimum device performance, based on factors including: supplies replacement intervals, paper loading intervals, speed, and typical customer usage.
[3] "Maximum Monthly Duty Cycle" is defined as the maximum number of pages a device could deliver in a month using a multishift operation. This metric provides a comparison of robustness in relation to other Lexmark printers and MFPs.
